Dear Ms. Natoli:

This letter responds to your petition for a waiver and refund of the filing fees submitted on behalf of Teligent, Inc. in connection with applications ~~for~~ the assignment of ~~wireless~~ licenses and transfer of control of Section **214** authority.

You recite that on May **21, 2001** Teligent and its domestic subsidiaries filed for protection under Chapter **11** of the **U.S.** Bankruptcy Code. You state that although Teligent's initial plan to emerge ~~from~~ Chapter 11 through a new corporate entity, Teligent Acquisition Corp., did not ~~succeed~~, it now plans to emerge **as** the same legal entity it is today with funding ~~from~~ the same financial institutions that previously provided debt financing to Teligent. To that ~~end~~, you state that Teligent filed FCC Form **603** applications to assign the Part **101** wireless licenses of three of its subsidiaries -- Teligent License Co. I, LLC (debtor-in-possession); Teligent License Co. II, LLC (debtor-in-possession); and **Backlink**, LLC (debtor-in-possession) -- to Teligent Inc., and Teligent Services, Inc. (debtor-in-possession) filed *two* applications to ~~transfer~~ control of its domestic and international Section **214** authority to Teligent Inc. You point out that on October **19, 2001** the Commission granted Teligent's request for a similar waiver based on Teligent's initial plan to emerge ~~from~~ Chapter **11** and ~~assert~~ that Teligent's current plan of reorganization involves the same legal entities and the same creditors, therefore warranting another waiver.

Section 1.1**117** of the Commission's Rules, **47 C.F.R. § 1.11 17**, provides that filing fees may be waived upon a showing of good cause and a **finding** that the public interest will be served thereby. See Establishment of a Fee Collection Program to Implement the Provisions of the Consolidated Omnibus Budget Reconciliation Act of 1985, 2 FCC Rcd 3558,3572-73 (1990). As we found in ~~our~~ previous letter to Teligent, you have presented information showing that on May **21,2001** Teligent and its subsidiary companies filed a Petition under Chapter **11** of the Bankruptcy Code in the United States Bankruptcy Court, Southern District of New York. **This** filing substantiates Teligent's claim of financial hardship and demonstrates good cause for waiver of the filing fees. See MobileMedia

Terri B. Natoli, Vice President

2.

Corporation, 14 FCC Rcd 8017, 8027 (1999) (bankruptcy establishes good cause for waiver of filing fee. Therefore, your petition for a waiver of the filing fees is granted.

We will issue a refund ~~in~~ connection with the applications for the assignment of wireless licenses. A check, made payable to Teligent, Inc., and ~~drawn~~ in the total amount of \$5,475, ~~will~~ be sent to you at the earliest practicable time.

There is no information in our ~~data~~ base, however, to show that Teligent paid any fees in connection with domestic or international Section 214 applications. Accordingly there is no basis for refund of such fees.

If **you** have any ~~questions~~ concerning this letter, please contact the Revenue and Receivable Operations ~~Group~~ at (202) 418-1995.

Sincerely,

Mark A. Reger
Chief Financial ~~Officer~~

Re: Teligent, Inc., Petition for Waiver of Wireless Telecommunications Bureau
Application Processing Fees for **FCC** Form **603** Assignment of License
Applications to Emerge from Bankruptcy Status and Transfer Of Control of
Domestic and International Section **214** Authority Fees Associated Therewith

Dear Mr. Fischel:

By **this** Petition, Teligent, Inc. ("Teligent") on behalf of its current wholly-owned subsidiaries, Teligent License Co. I, LLC (debtor-in-possession); Teligent License Co. II, LLC (debtor-in-possession); Backlink, LLC (debtor-in-possession); (collectively "Teligent License Subs") and Teligent **Services**, Inc. (debtor-in-possession) ("TSP") pursuant to Section 1.1117 of the Federal Communication Commission's ("FCC's") Rules,¹ hereby requests a waiver of the FCC application fees set forth in Section 1.1102² associated with three FCC Form 603 assignment of license applications filed via the FCC's Universal Licensing **System** ("ULS") **this** same day³ as well as the Section 214 transfer of control authority fees set forth in Sections 1.1105 and 1.1107.⁴ Teligent believes that **this** Petition is made for good cause and that the granting of **this** Petition would serve the public interest. The **Commission** granted Teligent a similar waiver request on October 19, 2001 associated with Teligent's initial plan for emerging from Chapter 11 ("Initial 'Re-Emergence Plan'") based on the Commission's conclusion that Teligent's claim of financial hardship is substantiated by evidence of its bankruptcy case, and that bankruptcy establishes the "good cause" basis for granting a fee waiver.

² 47 CFR § 1.1102.

³ The respective file numbers for the original letter actually submitted to Mr. Fischel will be included as soon as ULS generates them.

Teligent's Initial Re-emergence Plan could not be consummated and as a result Teligent now must seek further Commission authority to emerge from Chapter 11. For the identical reasons set forth by Teligent in its earlier fee waiver request and reiterated below, Teligent requests that the Commission respectfully grant this instant waiver request.

On May 21, 2001, Teligent, Inc., and its domestic subsidiaries, including the Teligent License Subs, filed for protection under Chapter 11 of the U. S. Bankruptcy Code.⁵ Teligent notified the FCC of that action via facsimile letter and telephone calls that same day.⁶

Teligent was forced to seek Chapter 11 protection as a result of the same kinds of difficulties that have been experienced by virtually all competitive carriers over the past two years, including a drastic reduction in access to capital resources, economy-driven financial market changes in expectations and underlying assumptions regarding competitive service providers business models, and a severe decline in stock value. At the time of its bankruptcy petition, Teligent was fast exhausting the available capital needed to continue operating its numerous local exchange and broadband data networks nationwide, and it had been unsuccessful in raising the additional financing required to continue its on-going operations.

Since its Chapter 11 filing in May, Teligent has, under the auspices of the Bankruptcy Court and in conjunction with its secured creditors, sought potential strategic investors or entities interested in purchasing its on-going operations. To that end, in August 2001, Teligent, along with the Teligent License Subs, TSI Teligent and other Teligent wholly-owned domestic subsidiaries entered into an Asset Purchase Agreement ("APA") with a newly-formed company, Teligent Acquisition Corp ("TAC"). The APA contemplated the consummation of a transaction whereby Teligent's core domestic operations, assets and FCC and State licenses and service authorizations, as well as Teligent management, would become a New Teligent. TAC was formed solely to enable Teligent to "emerge" from Chapter 11 through a new corporate entity, and thereby to continue to operate its core domestic fixed-wireless services. It was this transaction which formed the basis of Teligent's September 4, 2001, waiver request. Unfortunately, the events of September 11, 2001 severely impacted the fund raising effort necessary to consummate the transaction with TAC contemplated by the APA and the TAC transaction is no longer a vehicle for Teligent to emerge from Chapter 11.

⁶ Letter from Terri B. Natoli, Vice President, Regulatory Affairs and Public Policy, Teligent, Inc., to Chairman Michael K. Powell (May 21, 2001). Copies of this letter were sent to each Commission, their advisors, the Common Carrier Bureau and the Wireless Telecommunications Bureau.

After months and months of diligently working with the Bankruptcy Court and its creditors to develop yet another plan to enable Teligent to emerge as a going concern, a Plan of Reorganization ("POR") has been developed which Teligent expects to present to the Bankruptcy Court for approval in the next few days. Under this POR, if approved by the court and the Commission, Teligent will emerge from Chapter 11 as the same legal corporate entity it is today with funding from its senior secured lenders-- the same financial institutions and banks that lost hundreds of millions of dollars in previous debt financing to Teligent as a result of its Chapter 11 status.

During the past eleven months since entering Chapter 11 status, in an effort to continue as much of its operations as possible until some form of funding became available, Teligent has been forced to discontinue certain services and reduce its workforce from approximately 3,000 employees to approximately 70 employees to date. Teligent's creditors continue to fund its operations in weekly increments from a pool of funds created at the onset of the bankruptcy proceeding. The pool of funds is extremely limited and nearly exhausted, thus, it is critical that the POR be confirmed and consummated as soon as possible. To that end, Teligent has filed applications to assign the licenses of the Teligent License Subs to the expected emerged Teligent Inc., once the Court (and the Commission) grants their approval. In addition, TSI has filed for Section 214 authority to transfer control of its current domestic and international Section 214 authority to the "emerged" Teligent.

The FCC Form 603 applications were filed through ULS this same day, and have been assigned to following file numbers: Teligent License Co. I, L.L.C. - File No. 0000872530; Teligent License Co. II, L.L.C., File No. 0000869216; and BackLink, L.L.C., File No. 0000869294. The fees associated with each application file are \$2,775.00, \$2,375.00 and 5325.00 respectively. The Section 214 authority applications were filed via the Mellon Bank lockbox process for feeable applications and do not yet have a file numbers associated therewith. The fee associated with the two Section 214 applications is \$1630 (\$815 each).'

Because of Teligent's current Chapter 11 status and the fact that the POR involves the same Teligent legal entities emerging from Chapter 11, funded by the same creditors whose interests the Commission sought to protect in granting Teligent's previous waiver request, Teligent believes that the same justification and basis for granting its earlier fee waiver request exists herein.³ The capital funding Teligent will obtain to emerge from

¹ Teligent will submit a supplement to this waiver request indicating the Section 214 file numbers as soon as they are available.

³ In granting Teligent's previous waiver request, Fee Control No.: 00000RROG-01-008, released October 19, 2001, the Commission stated "Moreover, waiver of the Sling fees will serve the public interest by protecting the interests of Teligent's creditors".

Chapter 11 is sufficient only for its operations as contemplated in its revised business plan and the requirement to expend any of this essential capital on these fees, if at all avoidable, could adversely impact Teligent's carefully orchestrated going-forward plans. To the extent a waiver of these fees can be granted, these funds would remain available for Teligent's telecommunications service-providing operations, which Teligent submits, will serve the public interest.

Teligent also notes that the assignments of the Part 101 licenses at issue here as well as the Section 214 transfer of control applications are arguably more in the nature of *pro forma* transactions (requiring only notification within 30 days thereafter pursuant to Section 1.938(c)(1)(iii) of the FCC's rules)⁹ than substantial assignments requiring prior FCC approval. This is so because the POR simply has the effect of funding the continued operations of Old Teligent through an emerged Teligent. Moreover, the current Teligent is a publicly-held company with no single controlling shareholder entity. It is controlled, on a day-to-day basis, by its senior management team under the direction of its Board of Directors and no single shareholder or group of shareholders has the right to appoint a majority of the Board. Under the POR, the very same senior management team will run the company and no single shareholder will own or control Teligent or have the right to appoint a majority of the Board. As a result, the licenses and authorizations at issue here will actually not undergo any *de facto* change in the individuals actually operating them, and no entity will acquire *de jure* ownership or control.

However, Teligent did not believe that it could afford to wait even a short amount of time for the Commission to determine if it agreed that the POR could be treated as *pro forma* in nature and thus subject to a notice after the fact rather than a prior application process. Accordingly, Teligent has proceeded as if the POR transaction was substantial so processing of the applications could proceed without delay. If the Commission agreed, however, that the POR is indeed *pro forma*, this petition would be unnecessary, as no fees would have been required.

Teligent is current with respect to all of its other FCC-related fees, including Universal Service, TRS, and NANPA obligations, and has set aside the requisite regulatory fees related to its interstate common carrier revenue due later this year.

For all of the foregoing reasons, Teligent respectfully requests that the FCC waive the assignment of license and Section 214 authority application processing fees associated with the respective for good cause shown. In addition, because Teligent will remit the applicable WTB fees within the IO-day period in order to ensure that these applications are processed as expeditiously as possible and because it has filed the

¹⁰ The WTB has advised Teligent that it **will** not be able to **grant** its applications for assignment unless either the waiver **has been** granted or **the** fees paid pending grant of the waiver. Since Teligent cannot afford a delay in processing of these applications and because it is aware that because **of the volume** of waiver requests OMD and the General Counsel's office are currently processing that action **on the** waiver request would likely not be forthcoming as quickly as action on the underlying applications might occur. Teligent **has** paid **this** fee.

Dear **Mr. Fischel**:

Teligm. Inc. ("**Teligent**"), on behalf of its current wholly-owned subsidiaries, Teligent License Co. I, LLC (debtor-in-possession); Teligent License Co. II, LLC (debtor-in-possession); Backlink, LLC (debtor-in-possession) (collectively "**Teligent License Subs**") and Teligent Services, Inc. (debtor-in-possession) ("**TSI**") hereby amend the above-referenced **May 2 Fee Waiver Petition**. This amendment is being submitted for the sole purpose of substituting three new FCC-generated file numbers for the previously identified file numbers associated with the three FCC Form 603 assignment of license applications filed via the FCC's Universal Licensing System ("**ULS**") on May 2, 2002. The three May 2, 2002, **Form 603 Applications**, unfortunately, were dismissed by the FCC due to an inadvertent error associated with their fee payments and Teligent did not finally learn of this fact until yesterday. As a result, Teligent must resubmit the identical applications, which generates new file numbers for them, in order for the Commission to process these assignments even though the full Public Notice period for them already ran. Therefore, **Teligent** requests that the Commission permit it to amend its May 2 Fee Waiver petition as follows:¹

1. Substitute for Teligent License Co. I - File No. 0000948563, filed today (July 3, 2002) for the dismissed File No. 0000872530 filed **May 2, 2002**.

¹ The fees associated with the previously-filed applications were \$2,775.00, \$2,375.00 and 1325.00 respectively. The fees for these new applications should change only slightly, if at all, as a result of either cancellations or additions of licenses since May 2, 2002.

Re: Resubmitted FCC Form 159 Payments

Dear Sir or Madam:

In ~~connection~~ with the above-referenced ~~matter~~, and enclosed for filing, please find the following items:

1. Form 159 authorizing a VISA credit card payment in the amount of \$2,775.00, to cover all costs associated with the filing of application #0000872530;
2. Form 159 authorizing a VISA credit card payment in the amount of \$2,375.00, to cover all costs associated with the filing of applications #0000869216; and
3. Form 159 authorizing a VISA credit card payment in the amount of \$325.00, to cover all costs associated with the filing of application #0000869294.

Please note that it was only today that it was brought to my attention that the initial payments for the above applications which were sent via 159 forms accompanied by checks were unable to be processed when submitted to the bank as the checks were inadvertently printed on an account that had been closed several months ago. Teligent had not received any prior correspondence from the Commission regarding this and it was not until I learned of this today and immediately contacted Ms. Claudette Pride in the Office of the Managing Director that Teligent was able to confirm that the FCC had indeed not received its payment.
